Problem Solving • Logical Approach • Multilingual

Experience

UN World Food Programme/ Volunteer Assistant

October 2020 - November 2020, Kathmandu, Nepal

During the times of covid I assisted the IT department by managing their stock databases as well as providing tech related support for staff working remotely via email and phone calls.

Mango Software Solutions / Junior Web Developer

June 2023 - August 2023, Kathmandu, Nepal

This was an internship where I worked in a team to design websites. I mainly worked with wordpress while learning skills such as html & css, php and javascript.
